## grades 2-5 & ages 7-10

Our level-based program begins at age 7 and in 2<sup>nd</sup> grade. All beginning dancers ages 7-10 take our Level 1 classes! If your dancer is ages 8-Teen and has more than one year of recent ballet classes, please contact us for a placement evaluation. We would love to meet you! Schedule a meeting, phone call, evaluation, or in-studio visit at [calendly.com/artsballet](https://calendly.com/artsballet). We also offer 1 per-arranged, free trial class!

Ages 7-10 beginners are encouraged to start with level 1B and come twice each week for practice and the joy of dance. Dancers in 1B progress faster because they take two ballet classes each week, one Modern/Contemporary/Lyrical class, and a performance/rehearsal class. They also have more roles in performances.

Dancers in 1A take 1 ballet class and 1 performance/rehearsal class a week with roles in our performances. They attend on Tuesdays only. A great way to start!
